WATER EDUCATION TODAY

Free Professional Development for Teachers

Upcoming Virtual Course Wednesday, January 15 & 22, 2025 3:30pm - 5:00pm

What is Project WET?

Project WET (Water Education for Teachers), hosted in partnership with the Orange County Department of Education's Inside the Outdoors, is a free program that provides teachers with an overview of science education methods and access to a suite of activity-based, water education curricula. This course provides teachers with the training and resources to demonstrate the importance of water resources directly to their students.

Questions?

Contact Kelsey Coleman at (949) 416-9182
or email kcoleman@mnwd.com.

Participants Receive:

- Adaptive Water Education Curriculum (book and online) for grades K-12 that covers a range of topics from social studies to environmental science.
- Mapping document that links each curriculum to the state's common core and next-generation science standards.
- \$50 teaching material stipend.

Need to Schedule Another Date?
